

# myEcoConcierge.com

SAVE UP TO 30% ON YOUR ENERGY BILLS.  
PROTECT YOUR FAMILY AND YOUR HOME.

## CONNECTING YOU TO YOUR HOME

myEcoConcierge.com provides 24/7 access to manage your thermostat, security, water and lighting services from anywhere in the world. Enable one or any combination of these services to reduce energy and water consumption while increasing comfort.

## SAFETY FIRST

Feel safer and more secure knowing that you'll receive instant text or email messages when any security breach, heating or cooling malfunction or water abnormality is detected. Take action immediately and save time and money associated with potential damages.

## USER FRIENDLY PROGRAMMING AND TIPS

Think of myEcoConcierge.com as your own personal assistant – there to help you conserve resources and save money. Thermostat programming plus direct feedback – using daily, weekly and monthly energy usage data – has proven to reduce energy consumption up to 30%. Programming your thermostat is simple. Answer a series of short questions, and in minutes your thermostat is programmed. MyEcoConcierge.com provides you with the tools to actively manage your resource consumption.

ecoConcierge
